

The Solar Car Challenge will be hosting a **Media Morning** on Friday, July 15<sup>th</sup>, next to the Media Building in the infield of the Texas Motor Speedway. Teams will be assembling at 10:00 AM to take the Official Race Photo, and to meet Race Sponsors and Media Representatives. Please come out and meet these great high school students from across the country. [Media Page: <https://www.solarcarchallenge.org/challenge/media.shtml>]

The Solar Car Challenge is an education program designed to help motivate students in Science, Engineering, and Alternative Energy. We teach high school students how to plan, design, engineer, build, race, and evaluate roadworthy solar cars. Students demonstrate that electric vehicles and green technology can create a better world.

*Science & Technology Magazine* named the Solar Car Challenge as one of the top Science & Engineering programs in the country. *NBC-Universal* honored the Solar Car Challenge as a leader in their national Project Innovator Project.

The Challenge has 261 high school solar car projects located in 39 states, Canada, Mexico, Costa Rica, Puerto Rico, Bahamas, Spain, Uzbekistan, and Hong Kong.

**2019 Solar Teams on display at the Texas Motor Speedway, Fort Worth, Texas**

The Solar Car Challenge is hosted by Texas Instruments, Oncor, and Lockheed Martin.
